

SANTHOSH S

FULL STACK DEVELOPER

📍 Pudukkottai ✉ santhoshoffice19@gmail.com 📞 9043898016 in LinkedIn 🌐 GitHub

PROFILE

As an Artificial Intelligence and Data Science student, I consider myself a responsible, analytical, and organized individual. I am eager to apply my development knowledge in a real-world setting and gain hands-on experience through an internship. I'm enthusiastic about contributing to full stack projects and learning from industry professionals.

SKILLS

- **Programming Languages:** Python, C
- **AI & Data Skills:** Machine Learning basics, Deep Learning fundamentals, Data Visualization tools
- **Frontend:** HTML, CSS, JS, React, UI/UX design fundamentals
- **Backend & Database:** Mongodb, Nodejs, Express, REST API Development, CRUD operations
- **Core Concepts:** Data Structures & Algorithms (Python), problem-solving techniques
- **Soft Skills:** Problem-solving, technical troubleshooting, quick learner, team collaboration

PROJECTS

AI-Based Automated Attendance System (Full-Stack) JAN 2026

- Built an AI-based system that automatically marks student attendance using real-time face recognition.
- Converted live camera images into facial features and matched them with stored student face data.
- Designed a full-stack application to support attendance tracking, reporting, and dashboard visualization.

Hotel Booking App – Table Reservation Web Application Sep 2025

- Developed a responsive web application that allows users to browse dining options and book tables securely.
- Implemented user authentication with signup, login, and protected routes for authorized bookings.
- Designed a clean and user-friendly interface to ensure smooth navigation and table reservation management.

Simple CRUD Application – Data Management Web App Aug 2025

- Developed a web application that enables users to create, read, update, and delete records efficiently.
- Implemented basic data management functionality with a clean and intuitive user interface.
- Designed for learning and demonstration of CRUD operations and database connectivity concepts.

EDUCATION

B.Tech (Artificial Intelligence and Data Science) Sep 2023 - July 2027

Anna University Regional Campus - Coimbatore
CGPA: 8.5

HSC Jun 2022 - May 2023

Ideal Matric Higher Secondary School - Aranthangi
Percentage: 92%

Internship

Infygain Technologies, Coimbatore July 2025 -August 2025

Worked on full-stack web development projects with a focus on frontend technologies. Gained hands-on experience in building responsive user interfaces using modern web technologies. Built practical projects that strengthened development skills and improved real-time problem-solving ability in an industry environment.
